

Forest Lake Lions Community Organization Investment Program

Great News! The Forest Lake Lions are again offering the Community Organization Investment Program that allows organizations to submit requests for funds in a defined, transparent, and online manner.

We are implementing this process to ensure that we are investing our limited funds into the organizations that have the greatest need while meeting the overall mission of the Forest Lake Lions Club.

We invite you to review the requirements and complete a fund request if your organization has a need for funds.
